Most brokers issue their own substitute statement instead of using Form 1099-B. They also may provide basis information (usually your cost) to you on the statement even if it is not reported to the IRS. Before you check Box A, B, or C below, determine whether you received any statement(s) and, if so, the transactions for which basis was reported to the IRS. Brokers are required to report basis to the IRS for most stock you bought in 2011 or later.

Part I Short-Term. Transactions involving capital assets you held one year or less are short term. For long-term transactions, see page 2.

You must check Box A, B, or C below. Check only one box. If more than one box applies for your short-term transactions, complete a separate Form 8949, page 1, for each applicable box. If you have more short-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need.

- (B)** Short-term transactions reported on Form(s) 1099-B showing basis was **not** reported to the IRS
